

The Church:

The church is a wonderful space, with very good acoustics. The pews will seat 250+ and the renovated Sanctuary allows tremendous flexibility for performance and rehearsal. The altar moves easily, as do the chairs for the choir, and this creates a beautiful open space, suitable for choirs or instrumental ensembles. The space is also appropriate for plays or opera.

The Instruments:

1963 Casavant Organ: Trinity has a lovely bright sounding two manual pipe organ with exposed pipework. It is suitable for performing a variety of music, especially from the Baroque period.

Heintzman Baby Grand Piano: Trinity has just refurbished this lovely instrument, making it suitable for concert use.

Yamaha Clavinova Keyboard: This keyboard is located in the Sanctuary, but moves easily. It is useful for rehearsals in the Sanctuary.

Canterbury Room:

This newly redecorated room is a lovely location for a small reception. It is also very useful as a gathering or change room before an event in Church.

Bender Hall:

Also newly redecorated, this bigger room is useful for large groups gathering or changing before an event in the Sanctuary, or for larger receptions.
